

CHANLER GAVE ALL TO BRIDE

Prenuptial Contract Filed in Office of Register

MAY EFFECT SETTLEMENT

With Noted Beauty and Singer Without Any Litigation.

New York, Sept. 17.—The ante-nuptial agreement between Robert W. Chanler and Mme. Lina Cavallieri, the Italian song bird, has been filed in the office of the register in the hall of records. With the filing of this paper came an interesting story, told by Mr. Chanler to some of his friends and related by them today.

The signing of this agreement, in which the grandson of John Jacob Astor signed away even his birthright was consummated in more dramatic fashion, according to Chanler's own words, than was ever a scene in Cavallieri's most dramatic grand operas.

It appears that the couple were sitting at a large table with their lawyers. Two agreements lay upon the table, one in French and the other in English.

For some reason, which Chanler does not see fit to tell yet, he hesitated about affixing his signature. At this point his own story is the most interesting:

"I had hesitated hardly an instant," he said, in relating the story to a friend, "when my bride to be arose from her seat. With smooth, rhythmic motions, she reached over and lifted from the table the French agreement. With the other she lifted the English agreement, and then she threw both arms about my neck and pressed her lips to my face.

"Great heavens! It was wonderful! My breath almost left my body. When I felt those velvety arms wound about my neck and when I felt the pressure of her lips upon my cheek, and when I heard her breathe, 'Oh Robert, I love you,' my God! I'd have signed away my soul."

The ante-nuptial agreement is drawn up in English handwriting on parchment made in London, England. It is a large affair, folded in the center, and bears many stamps and marks. Cavallieri's signature reaches almost across all one page. It is written in a masculine hand.

The filing of the agreement indicates that Cavallieri intends to make an effort to enforce her claims and it is the opening gun in what will no doubt prove a bitter legal battle.

After defining the purpose of the agreement as designed to remove all doubts that might exist, owing to the different nationalities of the principals, as to the law governing their mutual property rights, the document proceeds to state that "in consideration of one dollar paid and said intended marriage," Chanler shall assign to his wife all his real estate, all his interest in the estate of the late Mrs. Lewis Delano, subject to a mortgage of about \$140,000, "for her sole and separate use absolutely."

For the same consideration of one dollar and the intended marriage, the bridegroom "doth further covenant" to pay his wife \$20,000 a year in four quarterly installments, "all payments free from income or other taxes," and "for the purpose of securing the payment of the said yearly sum," Lina Cavallieri is constituted "his true and lawful attorney, irrevocable," to collect the rents and profits.

Should the income from the real estate prove insufficient at any time to pay the \$20,000 yearly agreed on, a second power of attorney is conferred to govern the income payable from the fund held in trust by the New York Life and Insurance Trust Company. Should this additional income still prove insufficient, a third power of attorney is conferred to govern the income from the fund held in trust by the Union Trust Company.

With the exception of these details the agreement specifies that the property of each of the principals "shall remain the separate property and under the sole control of each of them, and furthermore, that their status and capacity generally shall be governed by the laws of the state of New York."

The document not only confers the sweeping powers enumerated above but it lists parcel by parcel, all the real estate taken under its control. The list follows:

All those three farms known respectively as Cole Farm, Chewell Farm and Benna Farm, situated in the township of Red Hook, Dutchess county, of an approximate area of

A SPLENDID MEETING OF LICKING DEMOCRATIC CLUB

The special meeting of the Licking Democratic Club held Friday night was an exceedingly good one. The crowds are increasing each meeting as the campaign progresses. The meeting was called to order by Secretary Rodrick Jones.

The club endorsed the candidacy of Rufus Putnam for superintendent of the Soldiers and Sailors' Home at Nenia, O.

The program was led by Joseph E. Brown in a stirring talk, followed by W. D. Felton and it was quite apparent that the campaign is progressing quite satisfactorily to him, as each succeeding talk has called for stronger objectives. The one last night would have to be heard to be appreciated. Then came Van Hartapee, deputy fire marshal of Columbus County Commissioner S. J. Putnam made his first talk to the club which was well received and will result in future calls on him.

Then came John Sullivan in a characteristic talk, followed by the veteran John Adams, and everybody knows he can talk some. Stephen Vermilion, a new and welcome voice at these meetings followed. Dr. Wivarch made his initial bow, followed by Ben M. Hendricks in a grand Democratic talk. Then came Squire W. F. Holton, followed by Jesse Davidson, another new participant in these meetings. In a talk that started everybody cheering Geo. F. Tavenner gave a good address, followed by J. Howard Jones, who in answer to repeated calls, took the floor, and made a ringing speech that was enthusiastically received. The address was given by Frederick Jones, telling what was in store at the hands of the state committee, which he had visited during the week. The meeting closed in a blaze of enthusiasm.

REPUBLICAN CAMPAIGN OPENING AT KENTON WAS VERY DISAPPOINTING

Kenton, Sept. 17.—The band brought along by the Columbus enthusiasts helped to liven things up here until the speaking which opened the Republican state campaign commenced. When the speechmaking time arrived, Secretary of Agriculture James Wilson made the opening address. He was followed by Editor Harding, who was followed in turn by Speaker Mooney of the state legislature and Attorney General Denman. Mooney spent a large part of his time discussing legislation.

First, he declared the Republican party was never more free from bossism than at present. He said the party could not afford to stand pat because there was too much to do.

250 acres or thereabouts, subject to a mortgage of \$6000 or thereabouts, and secondly,

"All of the lands and buildings formerly a part of the Cosine Farm, situated in New York, comprising: Nos. 830, 832, 834, 836, 838 and 840 Ninth avenue.

"Nos. 831, 833, 835, 837 and 839 Tenth avenue.

"Nos. 360, 362, 364, 366, 368, 370 and 372 West Fifty-fifth street.

"Nos. 503, 505, 507, 509 and 511 West Fifty-fifth street.

Nos. 17, 18, 19, 20, 45 1-2, 46 1-2 and 47 1-2 north side of Fifty-fifth street, between Ninth and Tenth avenues.

"And all other realty (if any) forming part of the share of above mentioned Robert Winthrop Chanler of the estate of the late Mrs. Laura Delano, subject to a mortgage of \$140,000 or thereabouts; and all his right, title and interest therein, but subject to the mortgages thereon."

It will be seen that an incumbrance of \$140,000 on the 30 pieces of New York real estate listed would amount to less than \$5000 on each parcel.

The agreement is dated May 31 and signed and witnessed in the presence of Hanson C. Hise, deputy consul general of the United States at Paris.

Before his marriage to Mme. Cavallieri Robert Chanler married Miss Julia Chamberlain, from whom he is divorced, and by that marriage there are two children, Dorothy, aged 6, and Julia, aged 2, now living with their mother.

Overtures have been made to Cavallieri, the New York World says today, to settle the case without litigation. Under the terms proposed, she would cancel the document filed and accept instead \$100,000 outright and an annuity of \$50,000.

Attorneys for both sides expressed the opinion that there would be no litigation. They feel that there has been enough publicity already.

FAMILY WANTS CHANLER DECLARED A LUNATIC

New York, Sept. 17.—The latest story about the Chanler-Cavallieri mixup is that the Chanler family may try to have Bob Chanler declared insane at the time he made his famous prenuptial agreement. The members of his family are angered at the publicity they have received and refuse to give out any more information.

Cavallieri's lawyer professes to know nothing of her intentions except that she will fight to retain the money, and says he does not know when she will arrive here.

Culling Roosevelt America's most distinguished citizen, Mooney attributed his popularity to the "square deal" policy.

Mooney made the absurd claim that more progressive legislation was passed at the last legislative session than at any session for many years. He mentioned the passage of the new general code, the new tax laws, the employers' liability law, the mining code and school legislation, good roads and agricultural laws.

The crowd here was disappointing and the leaders attribute it to the fact that the opening occurred in a "dry" town. A great effort was made to augment the crowd by running an excursion from Harding's home town but it was poorly patronized.

PARTNERS

Quarreled Over Trifling Amount and One is Killed in Their Chi- cago Office.

Chicago, Sept. 17.—Dr. James M. Rainey shot and killed his former partner, L. V. Atkins, in the latter's office today and then surrendered to the police. The shooting followed a dispute over \$5 which had been mailed to Dr. Atkins instead of Rainey. The men had dissolved partnership in the medical business recently.

VETERAN

Believed to Have Been Murdered and Body Placed on Track to Conceal the Crime.

Columbus, Sept. 17.—The body of Thomas A. Masters, an old soldier who lived in Wilmington, Ohio, was found on the Toledo Valley Traction line tracks near here early this morning. An early car cut the body in two. Later investigation leads the authorities to believe he was murdered and the body laid on the tracks to cover the crime.

He was identified through a pension envelope found on his body. The pension papers were found 75 yards away. He drew his pension recently, but not a cent was in his clothes when found.

GOV. HARMON

Is Attending Guernsey County Fair Today, But Will Not Talk Politics.

Columbus, Sept. 17.—Governor Harmon went to Batesville, Guernsey county, today, to speak at a farmers' picnic. He said he would not talk politics. The Batesville leaders were disappointed to learn that the governor would not speak at the picnic with Secretary Wilson, and the two men, who are old friends, spent at least two hours together.

WILL UNCOVER POLICE GRAFT

New York, Sept. 17.—This city is agitated today over the rumor that police graft will soon be uncovered with disclosures of sordidness even more sickening than the Lexow blizzard out.

The manner in which gambler-disorderly house promoters, sure thing workers of every description and even women of the streets have paid for protection will be told, if reports current at the city are true.

One story has it that a high official was caught with the goods and has laid the whole system bare. A grand jury investigation of the police force will commence next week.

IRISH LEADERS COMING TO AMERICA IN INTEREST OF THEIR CAUSE

London, Sept. 17.—When the steamer Rattle arrives at New York about Sept. 26, among the passengers will be John E. Redmond, the leader of the Irish party; Joseph Devlin, M. P., secretary of the United Irish League; Daniel Boyle, M. P., and T. P. O'Connor, who are members of a commission sent to America in the interests of the Irish national movement. Soon after the arrival of the party in the United States a meeting will be held in Buffalo, where the first convention forming the Irish organization in America, gathered 20 years ago. After that the members of the commission will separate. Redmond will go to the middle states, Devlin to the south, Boyle to the west as far as San Francisco and "Tax Pay" to Canada.

FREAK NEWS

J. M. Taylor, 37, of Denver, Colo., married his brother's 12-year-old stepdaughter.

Mrs. Julia Knesbeck of Cleveland is under court injunction to feed her son, Edward, 19, and keep his weight above 150 pounds.

Three women members of a Jersey City church have donned overalls and jumpers and will build a church.

PEDDLERS' ORDINANCE IS INVALID

According to Decision of Common Pleas Court in Test Case of Ghiloni vs. City.

The "peddlers' ordinance," recently passed by the city council, is invalid. This is the edict of the court of common pleas concerning this regulation about which there has been so much discussion during the past few weeks. The decision was given by the court in the case of Ghiloni vs. City of Newark, which came before it on error from the mayor's court.

The ordinance in litigation provides, in brief, for the payment of an annual license fee of \$200 by any one who employs a wagon from which goods are sold, and an additional \$50 for each man on the wagon above one. It also prohibits vendors from selling dogstays' supplies and all other goods and merchandise without paying a license of \$5 a day.

Ghiloni Bros. are proprietors of a store in Fourth street, opposite the Central Fire Department, and also peddled from a wagon. One of the brothers was arrested for violating the ordinance and refused to take out a license. He was tried before Judge Mayor, found guilty and fined \$25 and costs.

Ghiloni's attorney, S. L. James, took issue with the common pleas court's error and it was decided to be invalid.

KEEP WATCH FOR THE BALLOONS

Indianapolis, Sept. 17.—Thirteen big balloons are ready to cast away when the word comes this afternoon to start the championship races and the free-for-all contests. The first balloon will set sail about three o'clock. Weather officials say the direction they will take depends on their height. If they go up 3,000 feet they will probably be carried across the great lakes and into Canada.

The contest rivalry exists between the St. Louis and Indianapolis aeronauts. St. Louis has sent 200 rooters here to watch the start.

"AUNT SARAH" PASSES AWAY AT RIPE AGE

Newark Woman Known to Almost Every Resident, Dead After a Life Well Spent.

Mrs. Sarah Brown, known to almost every person in Newark, and lovingly referred to as "Aunt Sarah," died at the City Hospital at 3 o'clock Saturday morning aged 87 years. Her death was proximately caused by pneumonia, but the ultimate cause was the weakness that came with extreme age.

The deceased was born in Vermont, and was the widow of John Brown, who, many years ago, built canal boats and also conducted a general store at the corner of Fifth and Canal streets, this city.

After her husband's death, Mrs. Brown about 20 years ago, removed from Ogdensburg, N. Y., to Newark, where she has since resided.

For many years Mrs. Brown has been active in temperance, charitable and philanthropic work, and had practically complete supervision of the jail work conducted by the local W. C. T. U. Her disposition was a happy one and her interest and activity unceasing in the noble effort to ameliorate the physical, mental and moral condition of those unfortunate enough to come under the condemnation of the law, and be confined in prison.

Many a man will read this obituary with sincere sorrow, as "Aunt Sarah" had in many ways, by her words of comfort and good cheer, given him a fresh impetus toward a better and purer life.

The deceased was Sarah Williams before marriage and was a sister of the late Dr. A. Barrows, who died some years ago. Mrs. Annie B. Hatch of this city, is a niece.

The funeral will take place Monday at 10:30 o'clock from the First M. E. church parlors, Rev. L. C. Sparks conducting the services. Interment in Cedar Hill cemetery.

APPOINTED DELEGATES TO THE CONGRESS

County Recorder J. M. Farmer has been signally honored by Governor Judson Harmon in being appointed, delegate to the Farmers' National Congress, which begins at Lincoln, Neb., October 6.

Some time since Mr. Farmer was requested by the governor to furnish the names of two democrats and two republicans, from which group he would choose one of each political persuasion as delegates.

Mr. Farmer complied with this request, and was amazed when he received a letter Saturday enclosing a commission for himself as the democratic delegate. He will, however, be forced to decline the honor, as the lacking county fair is at that time.

C. H. Hartshorn is the republican delegate.

DENIES THAT SHE ATTEMPTED SUICIDE

Mrs. Harry Thraillkill of Oakwood avenue, East Newark, denies that she attempted suicide Friday. She states that in passing a stand her dress was caught in a revolving wheel which was charged causing all the commotion. At the time Mrs. Thraillkill states that she thought someone had fired into her house from the outside and she was frightened and began screaming, which caused her neighbors a telephone for assistance.

Among the coke-producing states Pennsylvania ranks first and West Virginia second.

CHARGES DOWNFALL TO MONEY

Rathbarth Borrowed a Quarter of a Million on No Security

LANGUISHES IN PRISON

Says Money is in the Air in New York and People Breathe It and Go Mad.

New York, Sept. 17.—Charging his downfall to the "craze for money" that pervades the very atmosphere of New York City, Adolph Rathbarth, who proved the gullibility of New York banks by borrowing approximately \$250,000 on no better security than the mere mention of his connection with a well known foreign firm of hop dealers, refused again today to permit his friends to do anything in his behalf. From his cell in the Tombs, from which he hopes soon to be sent to prison on a conviction of grand larceny, Rathbarth told of his falling a victim of the money madness of New York.

"Why I wanted the money I don't know," he wailed. "It was not to spend, as I have never had use for more than \$2000 or \$3000 a year. My tastes are the simplest. I care nothing for automobiles, horses, champagne or the other things that New Yorkers squander their money upon."

"I just wanted to play the game. Others were doing it and getting away with it, and I wanted to see if I couldn't do the same. Some are lucky at the game, like Morgan and Rockefeller, while others fail, like Morris and myself."

"Had I remained in Germany, no such thought would have ever entered my mind. Money is in the air here. You breathe it, you see it, you talk it, you dream it. It is the great god of your lives, and I began worshipping it. Had I had any sense at all, I might have seen this cell at the outset, but I tell you I was crazy."

Rathbarth says his brothers, who have a large importing business in Frankfurt with branches in St. Petersburg and London, are not as rich as represented and he will not permit them to do anything in his behalf. He was their agent in this country, and when he fell a victim to the lust for money, he went among the financial "Gigalairs" of New York and with a list of mythical assets, set forth on the fancy letter head of his company, he succeeded in borrowing large sums.

His operations "showed up" the banks to such an extent that there is now talk of the national bank examiner investigating the transactions.

EXHIBITION CAR IS ATTRACTING MUCH ATTENTION

An exhibition car of the Great Northern railway, showing the products of the fertile country of Washington and Montana is at the B. and O. depot and it is attracting much attention from people interested in products of the soil.

The car is filled up with samples of fruits, grains, vegetables and minerals and the display is interesting as well as instructive. The car is decorated with grain, the work of a Seattle woman, and the interior is attractive.

The car is the idea of James J. Hill, the railroad magnate, who is president of the board of directors of the Great Northern railroad and of L. W. Hill, his son, the president. It has gone from Seattle to Portland, Maine, and every place the car has stopped hundreds of people have called to see the wonderful products of the western country.

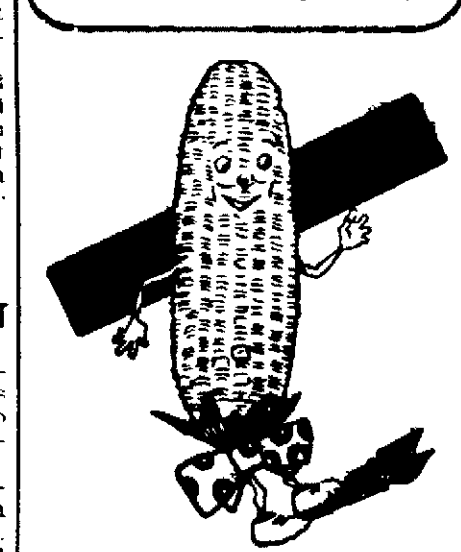

Fruits, flowers and vegetables are preserved in large glass airtight cylinders in a fluid which is the invention of a Seattle man, and although the contents of the jars have not been touched for a year they are just as fresh as when first sent out twelve months ago.

Descriptive literature is furnished visitors for the railroads is trying to stimulate settlement of that country. The car will be in Newark until Monday night and the people of the city and country are invited to visit the display.

REPORT OBJECTIONABLE WOMEN

Parana, Sept. 17.—The government of the United States is about to begin wholesale deportations to rid the canal zone of the objectionable women who are said to be responsible for 90 per cent of the sickness among canal employees. All the towns are to be cleaned up at once.

There are more than a million and a quarter more women than men in England and Wales.

NEW JERSEY'S NEXT GOVERNOR

The nominee of the New Jersey Democracy for Governor is the President of Princeton University. But he is a good deal more than a college professor. He first achieved distinction as the author of a valuable book on Congressional Government which was the result of a thorough study of political life in Washington. For several years he was professor of jurisprudence, a subject closely allied to government. During the years that he has been president of Princeton University he has often been called upon to make addresses on political and governmental affairs, and has always shown wide information, solid judgment, a clear conception of what constitutes good government and a very practical understanding of how it is to be obtained. No man in the country is better qualified to discuss the proper functions of the Government, its relations to the individual, and the demarcation between the Federal and the State functions. There is every probability that he will be the next Governor of New Jersey.

Arizona will have a Democratic Constitutional convention, and the Republican stand-patners who opposed the admission of the Territory as a State are saving "I told you so." But it shows how wide spread is this great political tidal wave.

Colonel Roosevelt has lifted Senator Lorimer out of the gutter of public opinion into the sunshine of his own personal displeasure. Lorimer, an avowed disposed to make the most of the incident.

Friends of political gymnastics promise themselves a good deal of enjoyment in witnessing the egg dance. Vice President Sherman is expected to perform at the coming Republican State Convention of New York.

Mr. Taft's Secretary of Agriculture is to be the principal speaker at the Republican campaign meeting at Canton today. Thus does a cabinet officer, who should be in the service of all the people, prostitute his office in the interest of machine politics, against which the country is so plainly revolting.

With the certainty of a Democratic Congress, which the people will elect in November, there is no need of worrying or having any doubts about the defeat of Joe Cannon for Speaker of the next House. While the Republican Insurgents have taken a strong and noble stand for the defeat of Cannon, it is the Democratic majority in the next House that makes his finish a certainty.

Automatic machines have been invented which will thoroughly clean 3600 fish an hour.

COMMUNICATED

In order that the citizens of Newark may better understand the conditions prevailing with reference to the natural gas supply, we desire to offer the following statement of facts:

It has now been more than 12 years since natural gas was turned into the city of Newark from the Sugar Grove field and for six years following this time, the gas was furnished from that field. For the balance of that period, the gas has been furnished from the Licking and Sugar Grove fields.

During the six years that Newark was supplied from the Sugar Grove field, it was one of the largest cities that helped to deplete the supply of gas from that field, and as a result, that field is now something of the past, about all of the gas having been taken out, and nearly all of the wells are now abandoned. Today the Licking county field is rapidly approaching the condition of the Sugar Grove field. The gas is diminishing, the rock pressure is going down very rapidly, and it will be only a very short time until the Licking county field will be exhausted.

Newark has had more than 12 years of an uninterrupted supply of natural gas, and at a nominal price. Therefore, we think the citizens of Newark have surely not just complaint to make of the supply of gas or the price asked therefor.

The first few years the gas was delivered on a flat rate and was used extravagantly and recklessly and such use helped to deplete the Sugar Grove field very rapidly.

The Logan Natural Gas & Fuel Company have over four hundred thousand acres of leases upon which they are paying an annual rental. They have developed gas north of Knox county, in Ashland, Richland and Medina and Lorain counties, and the trend of the gas field is north.

The Logan Company does not hope, however, to get gas sufficient to supply the consumers of Ohio in the future from the Ohio gas field, and accordingly, at great expense, they have laid two 16-inch lines into Sugar Grove from the West Virginia gas fields, and with large pumping stations at Sugar Grove and Bangor, O., they hope to make up for the shortage in the Ohio gas fields, and to supply all the consumers and companies connected on their lines in Ohio. This is done at a great expense, involving millions of money, and in addition, the development work of the northern gas field has been, and will be, very expensive, as a large number of wells will be drilled, and a great number of them will be, and are, dry holes.

This year alone, they have laid more than 100 additional miles of pipe to connect their wells and provide capacity to transport sufficient gas to their consumers.

The average consumer has no comprehension of the expense connected with the natural gas business. They realize that a large amount of money is being paid into the gas companies each month, but they have no realization of what is done with the money. Natural gas companies are compelled to forge ahead and make all possible effort to develop new territory. This is their only hope.

If they should stop operations, it would be only a very short time until they would be out of the natural gas business and the consumer would return to coal or artificial gas, and if you compare artificial gas, at ninety cents or one dollar per 1000 cubic feet, containing but six or seven hundred B. T. heat units, with natural gas at twenty-five to thirty cents per one thousand cubic feet, containing one thousand B. T. heat units, you will surely realize at a glance what a cheap fuel you are getting.

We are only asking what is fair in an advance of price, and any fair-minded consumer will realize this. We have always gone more than half way to please the consumer and do justice by them in the city of Newark, and our record will surely prove this.

The citizens of Newark could realize that this company is dependent entirely upon the Logan Natural Gas & Fuel Company for its supply of gas, and that by reason of the depletion of the local fields and the necessity of supplying gas here from West Virginia and other distant gas fields, the low prices heretofore existing cannot be maintained.

MEN OLD AT 35

One Million Baldheads Who Thought Dandruff Wasn't Dangerous.

In the United States and Canada today there are nearly a million men who at 35 can be put in the bald-head class.

When these men had thick, vigorous hair, dandruff made its appearance.

That was the time to attack the enemy of mankind—the persistent little devil called a dandruff microbe or germ that burrows deep down into the hair root and saps it of the vitality that is so essential to the hair.

Young men or any man, for that matter, beware of the dandruff germ. It is not a theory, but an actual condition that confronts you. That dandruff is caused by a germ, is proved beyond question. That this germ destroys the hair root is today a matter of common knowledge.

Evans' Drug Store has the remedy that kills the dandruff germ. They guarantee it to eradicate dandruff, stop falling hair and itching scalp in two weeks or money back. It is called Parisian Sage and can be obtained at druggists in every town in America—ask Evans' Drug Store for it. The girl with the Auburn hair is in every bottle of Parisian Sage.

An old game is again commenced, called Putting the Beer Trust in Jail.

COL. CRAWFORD GETS HONORS AT WHEELING FAIR

The 25 head of horses exhibited by Col. G. W. Crawford, of the Sharon Valley Stock Farm at the Wheeling State Fair this week, carried off all prizes worthy of mention, amounting to about \$300 in cash value.

One of the special features in the horse department there this year was a special prize of \$500 in gold to the exhibitor producing the four best stallions. This was won by the four beautiful Belgians owned by Colonel Crawford, viz: Lambert, 1643 (1882), a fine chestnut that weighs close to 2500 pounds and has won the championship in several shows of note; Jeanette de Flandres, 1898 (1897), one of the new importations that took championship over 67 others in the show at Brussels, Belgium, this year; Mignon, 1670 (1870), a beautiful bay Belgian that has made a great record for himself and Indigo 1674 (1874) another fine chestnut of the same breed. The only defeat met by the Colonel was in the 4-year-old Percheron class which is not particularly regretted since it was taken by one of his own horses now owned in that locality.

This speaks well for the horses imported by Col. Crawford, who, on his good judgment and splendid selections when abroad proves himself worthy of the praise continually heard concerning the widespread improvement he is bringing about in the horse industry in America.

Baltimore, Sept. 17.—Vice President George L. Potter of the Baltimore and Ohio South-Western railroad, today announced the appointment of Mr. Charles W. Galloway, as general superintendent, with headquarters at Cincinnati. Mr. Galloway succeeds W. H. Pinson, who has resigned, and the change becomes effective September 20.

Mr. Galloway's railroad career has been with the B. & O. R. R., which service he entered in 1887, as a messenger in the operating department. DYSPEPSIA ON THE DECLINE

Seaver's Dyspepsia Tablets Cure Forty-nine Cases Out of Fifty.

Why anyone in Newark should continue to suffer with indigestion when a box of Seaver's Dyspepsia Tablets will cure, is certainly a mystery. Erman & Son have been selling Seaver's Dyspepsia Tablets for some time, and we know from actual experience right here in our own store just what Seaver's Famous Dyspepsia Tablets will do, and if you inquire of Erman & Son, the druggists, they will tell you they never knew a remedy to prove so decidedly beneficial in the treatment of indigestion, dyspepsia, palpitation, sleeplessness and other forms of stomach trouble.

It certainly ought to give you confidence when you know that every box of Seaver's Dyspepsia Tablets contains 20 days' treatment, and at the end of that time if you are not decidedly benefited all you need to do is to go back to the dealer and get your money. Seaver's Dyspepsia Tablets are sold right on their own merits. They cure indigestion simply by toning up the stomach and digestive organs so that the food will assimilate and give strength to the system just as nature intended. Seaver's Dyspepsia Tablets are such a good nerve tonic, too. Just try a box and see if it don't give you new energy, new ambition and new courage to carry out your plans and daily work. If it doesn't, your money back.

Asthma and Consumption

Duffy's Pure Malt Whiskey Gave Health and Strength When All Else Failed. Six Bottles Have Made Mr. Nash Feel Like a New Man.

He recently wrote: "Last January, a year ago, I caught a severe cold while working. I coughed all the time. I sent for my doctor, and he said I had consumption and asthma; he gave me some medicine which did me no good. I saw your advertisement in the paper and decided to try your medicine. I have taken 6 bottles and it has done me much good, and has given me lots of strength. I am sure it will cure me. I am still taking your Duffy's Pure Malt Whiskey and I recommend it to my friends and will continue to do so." James W. Nash, Cottageville, Ky.

Thousands, both men and women, like Mr. Nash, praise Duffy's Pure Malt Whiskey for restoring them to health.

Duffy's Pure Malt Whiskey

is a wonderful remedy for all diseases of the throat, lungs and stomach, and all run-down and weakened conditions of the body, brain and nerves. It builds new tissue, quickens the circulation and aids in driving out all disease germs. It is prescribed by doctors and is recognized as a family medicine everywhere.

CAUTION.—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey, be sure you get the genuine. It is an absolutely pure medicinal malt whiskey, and is sold in SEALED BOTTLES ONLY—never in bulk. Price \$1.00 a large bottle. Look for the trade-mark, the "Old Chemist," on the label, and make sure the seal over the cork is unbroken. Write Medical Department, The Duffy Malt Whiskey Co., Rochester, N. GOLDSBORO HEARD FROM

A Lady Who Lives in Goldsboro Joins in the Chorus of Praise for Cardui, The Woman's Tonic.

Goldsboro, N. C.—"A physician treated me for many distressing symptoms," writes Mrs. Etta A. Smith, "but gave me no relief."

"I suffered with neuralgia around the heart and was troubled at times with my head. I had pain in my left side, bowels, left thigh, shoulders and arms."

"After taking Cardui, I am now well and can recommend it to other suffering women."

Just such doubtful symptoms, as those from which Mrs. Smith suffered, are the ones for which it will pay you to take Cardui, the woman's tonic.

It is at such times, when there is nothing to show, for certain, the real cause of the trouble, that you need a tonic, to give the body strength to throw off the illness that evidently threatens.

Take Cardui, when you are ill, with the ailments of your sex. Take Cardui as a tonic, to prevent illness, when you feel it coming.

Your druggist keeps it.

N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and a large book, "Home Treatments for Women," sent in plain wrapper on request.

The session will meet at 9:30. Sunday school at 11:30.

The meeting will open with a lively song service conducted by Mr. Stuber, and there will be special music by the choir. Short sermon on the subject, "The Fixed Gulf."

UNION YOUNG PEOPLE'S RALLY

Every young person in the city of Newark interested in religious things, should make it a point to attend the rally in the First Presbyterian church Sunday afternoon at 5 o'clock. The meeting was started earlier in the week will look forward to the fall and winter work in a particularly helpful manner, and will be led by the president, Mr. Jenkins. A great deal of interest has been displayed in similar meetings in the past, and this should be no exception. The pastor will be very much interested in this meeting because it will react on them helpfully.

It would be an excellent idea for the officers to try and see all their members at the earlier services, and get them to promise to attend, as each society should be well represented. Remember it's at 5 o'clock.

SUGGESTIVE QUESTIONS

Three Questions. Matt. 22:15-22, xxiv:46.

Golden Text—Render therefore unto Caesar the things which are Caesar's; and unto God the things that are God's. Matt. xxii:21.

Verse 15—Why did the Pharisees want to entangle Jesus in his talk?

Why is it that Christians of one creed often feel bitter towards those of another creed, and sometimes try to "entangle" them, as the Pharisees did Jesus?

Verse 16—Why did not the Pharisees go to Jesus personally?

Why did the Pharisees associate with their own disciples the Herodians, in their attempt to ensnare Jesus?

Why did they pay Jesus this great compliment, seeing they were so opposed to him?

Is it ever right to lie for a good cause? Why or why not?

What good lessons may we learn from these bad men?

Verses 17-21—If these men had really been truth seekers, how would Jesus have probably answered their question, as to whether it was right for the Jews to pay taxes to Caesar?

What difference is there between the moral obligation for a man to pay his legal taxes, and to pay his butcher his for example?

What was Jesus' own practice as to paying taxes? (See Matt. xxiii:23-27.)

Jesus rebuked these hypocrites sharply, to what extent should we follow his example in this?

Point out wherein the remarkable skill of Jesus' answer consisted.

Verse 22—Why was it great folly for them to suppose they could entangle Jesus in his words?

Can you cite the case of any who have opposed God, without bringing disaster upon themselves?

Verses 34-40—Why is it that men still persist in opposing God, when history shows that every man who has done so has suffered loss, and that all who persisted have been destroyed?

What is the chief object in life?

What can we do, or what must we do, in order to attain the chief object of life?

If a man does love God with all his powers, and his neighbor as himself, does he perfectly please God?

If love is the dominating power in a man's life, it makes the will and the motive perfect, and thus God is pleased; but does Jesus teach that love guarantees perfect actions? Give your reasons.

What is a proper self love, that which Jesus says must be the standard of our loving our neighbor?

May every one attain to loving God with all the heart, and his neighbor as himself, and how can it be done? (This question must be answered in writing by members of the club.)

Verses 41-46—Why could not the Pharisees answer Jesus' question as to whose son the Christ was?

What is the answer to the question of Jesus as to how the Christ could be David's son and also his Lord?

What do YOU think of Christ?

McFarland calls OFF WOLFGAST MATCH SCHEDULED FOR OCT. 6

Chicago, Sept. 17.—Tom Jones, manager of light weight champion Ad Wolfgast, is one of the sorest men in Chicago today and unless Packey McFarland agrees to turn over \$500 posted as forfeit to insure his appearance against Wolfgast in Milwaukee on October 6, Jones will take legal steps to get the money.

McFarland's action in calling off the fight late yesterday on the grounds that he could not make the weight, 133 pounds five hours before the fight, means that all chances of him ever meeting Wolfgast are lost. When Jones telephoned to Wolfgast in Michigan that the fight was off, Ad expressed a desire to meet McFarland at catchweights, but Jones would not permit this, and further said that he would not enter into further negotiations with the Stock Yards boy.

McFarland has admitted that it is practically impossible for him to make the weight necessary to meet Wolfgast as a real light weight. Wolfgast can fight at about 126 and still be strong, but McFarland has taken on weight within the last year and it is not believed he could be at his best under 135 pounds.

Don't Break Down.

Severe strains on the vital organs, like strains on machinery, cause break-downs. You can't over-tax stomach, liver, kidneys, bowels or nerves without serious danger to yourself. If you are weak or run-down or under strain of any kind, take Electric Bitters, the matchless tonic medicine. Mrs. J. E. Van de Sande, of Kirkland, Ill., writes: "That I did not break down, while enduring a most severe strain for three months, is due wholly to Electric Bitters." Use them and enjoy health and strength. Satisfaction positively guaranteed. 50c. at F. D. Hall's.

The Peruna Drug Co.

In regard to the Peruna Tablets, I have used about ten boxes in all.

While I was in Chicago my oldest daughter was bothered with a cough all the time. She has had it for four years. Sometimes it would go away, and in the winter time it was so bad that the doctors and professors said that she had consumption, and the only way to give her any relief was to perform an operation.

I spend so much money for different medicines, and for doctors also. Nothing seemed to help her.

So I saw the Peruna Tablets advertised in the paper, and I got a box and tried them. She could get some sleep by taking them. She would be up all night and cough. So in all she took six boxes, and never was bothered any more.

I will leave this for any one to inquire at our old residence, where we lived in Chicago. All our neighbors would say that she could not live with such a cough. You don't know how thankful I am. She is eighteen years old.

My oldest son also was bothered with his stomach, throwing up, and his bowels so loose all the time. He was all run down for four months. I also doctored with him. One would say this and the other something else. I started to give him the Tablets, and now he is all right and healthy looking. He took four boxes. That is all he wants to take whenever anything ails him.

So I praise your Tablets just as high as I have your Peruna. That is all the medicine that ever comes in my house. Whenever I travel I take some with me. I have had three of my children sick with scarlet fever two months ago, and that is all I used, was the Peruna and the Tablets. I did not lose any of them.

If there is any more information you want, why just let me know and I will be glad to do so. Yours truly,

Mrs. L. LOHR, Ravenna, Mich.

Modern Woodmen.

Cedar Camp, No. 4727, met in regular session Monday night. The urn disclosed 64 members present. Ten applications for membership were received and elected. The escort found in waiting Henry J. Vogel, J. G. Walker, Homer Beatty and Joseph Loughman, who were admitted and adopted as members of Cedar Camp. It was decided that there would be something doing at the first meeting night each month. Besides, there will be something doing at each meeting of the camp, but on the first night of each month the work will be conferred. An invitation was extended to the officers and team of Camp Chase of Columbus to visit Cedar Camp on the first meeting night in October and put on the new floor work. The Columbus team and officers think they have got the new work done fine and we want every member of Cedar Camp to be present on the night they visit us. The matter of purchasing khaki uniforms for the Forester team was brought up at Monday night's meeting and the matter was left with the team to investigate. As the fall work is now started, now is the time, neighbors, for you to hustle for prospects. Remember the big prize, the gold watch for the member who secures the most adoptions during the year 1910 and the \$5.00 hat given by Neighbor A. S. Mitchell for the member who secures the most beneficial adoptions during the year. At the next meeting of the camp there will be candidates and we want a good turnout of the members.

The first degree will be conferred at Olive Branch Lodge, No. 34. All brothers are requested to be present. Visiting brothers always welcome.

At the regular session of Olive Branch lodge Tuesday evening the first degree was conferred on one candidate. The second degree will be conferred in Newark Lodge next Monday evening and the third degree Tuesday evening.

Newark Lodge, No. 623, had a large attendance last Monday night, at which meeting the initiatory degree was conferred on one candidate.

Olive Branch, No. 34, conferred the first degree on two candidates.

The second degree will be conferred by the degree team in Newark Lodge next Monday night, and in Olive Branch next Tuesday night. All visiting brothers are welcome at any and all meetings of either lodge.

W. R. C.

The department president, Lulu F. Huffman, of Wilmington, has sent out the general orders to the corps of Ohio, numbering 12000 women in this state alone. These instructions breathe an atmosphere of fraternity, charity and loyalty, exhorting each corps to do its full duty and report quarterly to the department of all relief, patriotic teaching and contributions to the soldiers' homes. Madison Home for Soldiers' Widows, to higher education for advanced pupils of Xenia Orphans' Home, and to the annual support and encouragement to the University of Sons of Veterans.

Being the chosen auxiliary to the G. A. R., it is the object of this order and its pride and pleasure to contribute its strength and funds to relieve the veteran and his dependent loved ones, and to teach patriotism in education of the coming men and women of our country.

committees have been appointed to continue and perfect the splendid record which has been achieved in former administrations of the Women's Relief Corps of Ohio.

Names of competent and efficient women from the state's corps are placed on those committees, the local corps, Lemer; No. 45, being honored through the appointment of Mrs. E. Jeannette Moore to the staff of the department president as an aide for the 1910.

AMUSEMENTS

THE ORPHEUM.

Another great bill is announced for the Orpheum, commencing with the matinee Monday and continuing throughout the week. The bill is headed by Leon Reynolds & Co., who present the clever sketch, "When the Sun Rises." Mr. Reynolds (said to be the best dresser on the vaudeville stage today) carried a carload of scenery, electrical effects, etc., and all who attend will be assured of a dramatic treat in this clever little playlet. Shorty Edwards, the smallest comedian in vaudeville, will be here with his songs and clever repartee. Mr. Edwards was a hit here on his last visit to Newark several years ago, and no doubt will make more friends on his visit next week.

Jerome & Jerome will be seen in a new novelty, "The Fisherman and Eccentric Frog," presenting with special scenery, effects, etc., a humorous conception, "Pastimes in Frogland." This is one of the prettiest acts now being presented on the stage, and should create a sensation in the coming week. Another big act will be "The American Trumpeeters' Trio," who give a new and novel musical number, introducing solos on different instruments, that are sure to please. Those who fail to see the bill that is being given today will surely miss a grand treat, as in Frank Walsh, Madame Sidonie, Mr. and Mrs. Thornton Friel and the Howard Bros., one of the best programs ever presented in Newark is being given, and with the performance today your last chance of seeing this clever program will be had.

KEITH VAUDEVILLE.

The Auditorium theatre has been filled with large audiences this week, the attraction being the Keith vaudeville bill.

The feature act is Guy M. Dailey, billed as human fish, and well he deserves the title, for no other appellation could so well express his ease and dexterity in the water.

He dives ever and anon in the most unconceivable of postures, and his swimming is marvelous.

Two comedy sketches, an acrobatic act, and four people in comedy singing and dancing complete the offering for the two performances this evening, the bill changing completely with Monday's matinee.

CHANGE AT ORPHEUM.

O. G. Murray, lessee of the Orpheum theatre in this city has secured control of "The Indiana," and the Grand Opera House at Marion, Ind., and they have been added to the string of theatres which Mr. Murray is establishing over the country.

"The Indiana" is one of the hand-somest and best equipped theatres in the middle west and plays nothing but standard attractions, the greatest artists in the country booking at that play house. The Grand Opera House is devoted almost exclusively to vaudeville and Mr. Murray is to be congratulated on securing these splendid amusement places.

George M. Ferberg, local manager of the Orpheum theatre in the Arcade will leave the first of the week to assume the temporary management of the two theatres for Mr. Murray. Mr. Ferberg's many friends here will regret to hear of his departure and trust that he may again return to Newark where he has made legion of friends during his sojourn in this city. His place here will be taken by Mortimer Bassett, one of Mr. Murray's trusted agents.

Harry Cranston is some scenic artist as is witnessed by his overhauling of the Orpheum theater. Mr. Cranston is an invaluable man.

and "fits in" any place that he may be assigned for duty.

Carl Lippincott has been under the weather for the past two weeks, but he has stuck to his post as ticket taker and electrician, and he hasn't lost a day.

A third vaudeville theater for Newark. Must be money in the business. We hope that the new venture will be a success.

The South Side is getting to be a regular promenade for those hunting the white lights, and there will soon be one more added.

Nathan Zuckerman is surely enterprising, and is always seeking where he can make improvements. His pretty Wonderland theater has been completely overhauled, and the interior is newly decorated. Mr. Zuckerman is a great friend of the news gatherers, and frequently hands them the tip to a good story.

The four moving picture attractions are all doing a nice business, and state that the opening of the regular theatrical season has not interfered with the attendance the least bit.

The smiling face of Louie Myers is again seen at the box office of the Auditorium. His friends say that he is getting much stouter, the result no doubt of many good fish dinners at the lake.

Mat Smith is the busy one these days overhauling stage and scenery at the Auditorium. Mat is one of those hustlers whom stage folks always like to meet. He is ever painstaking and courteous, and never too busy to do a friend a favor.

Maude Adams is spending her vacation in the mountains since returning from Dublin. She will remain until her season opens in October.

Miss Georgia O'Ramey has returned to the east in "Seven Days" after spending her vacation in this city and on a Montana ranch.

Ethel Barrymore will have Louise Drew as a member of her company, and as Miss Drew is her cousin they are sure to get along well together.

Mme. Schumann-Heink, who sang here at the May Festival several years ago, is advertised as one of the headliners to play western vaudeville houses. One of her sons appeared here last season in the chorus of the "Three Twins."

Klaw & Erlanger's "Ben Hur" opens its 12th season in Allentown, Pa. Trenton is next stand. State fairs are being held in these cities. Both engagements are for one week each.

Klaw & Erlanger have successes in all of their New York theatres. "Madame Sherry" is at the New Amsterdam, "The Country Boy" at the Liberty, "The Fortune Hunter" at the Gaiety and "The Arcadians" at the New York.

Robert Hilliard opened his season in "A Fool There Was" in Pittsburgh. The plot of the play is exemplified in real life by the son of a great family and a woman who was once a barefooted street singer in Rome.

This is the fourth time that "The Round Up" has played Boston. The present run is at the Boston theatre. The show opened Labor Day, playing to \$1700 on the day. The receipts for the first week were \$18,385. Quoting figures is not exactly dramatic news, but it shows how the American public will support a show when theatre-goers find one that they like.

N. C. Goodwin will star in "The Captain," by George Broadhurst and C. T. Dazey, opening in Indianapolis in October. Mr. Goodwin will play the role of a globe trotter and clubman who has been an officer in the National Guard. He impersonates an

officer who was the hero of the march to Peking.

Arrangements have been completed between David Belasco and Klaw & Erlanger by which "Rebecca of Sunnybrook Farm," by Kate Douglas Wiggin and Charlotte Thompson, will be brought into Mr. Belasco's Republic theatre in New York on Monday evening, Oct. 3. This will enable "The Country Boy" to continue its run uninterrupted at the Liberty theatre.

Will C. Bettis, who has been the manager of the Toledo Arcade for several years, has resigned, and retires tonight after the performance. He will be succeeded by Harry Hurling of New York, a brother of Jules Hurling, of Hurling & Seamon, burlesque managers, who own the controlling interest in the Arcade Company.

Truly Shattuck has been engaged as a member of the company supporting Mary Cahill, who was seen here last season in "The Boys and Betty."

Charles Frohman is to produce a new play called "The Fire Screen," and James K. Hackett has revived "Monsieur Beaucarne" and "The Prisoner of Zenda." DeKoven and Herbert have written a new musical comedy, called "A Train of Pleasure."

Thursday was certainly "Jonah day" right for the Auditorium theatre. Troupes coming in to make up the new bill missed connections at Mansfield and the management was unable to give a matinee. One act did not arrive here until 7 o'clock and then it required an hour and a half to put up their paraphernalia, and as this act was the curtain raiser, the curtain was about 45 minutes late going up. But that isn't all. Guy Dailey gives a swimming and diving exhibition in a big tank having a plate glass front. The glass-front was broken in shipment and Mr. Dailey had to content himself and the audience by merely appearing in grande tenue and saying a few words of explanation.

The October number of the Blue Book contains a full page photograph of Ida St. Leon on her big white horse Bingo. Miss St. Leon starred here in "Folly of the Circus," which was at the Auditorium theatre late last season.

Miss Adelaide, the petite ballet dancer who appeared at the Auditorium theatre in the early summer in a vaudeville sketch with Johnny Hughes, made many friends who will be glad to know that she is now appearing with one of the largest shows in the country. From here Miss Adelaide went to Chicago and from there to New York, where she played an engagement on the American music hall roof garden. She has now joined the new play of Eddie Foy, "Up and Down Broadway." Both Hughes and Adelaide are featured.

Arthur Hammerstein, general manager of the Manhattan opera house, who acted for his father in the final negotiations disposing of the Hammerstein properties to the Metropolitan, was married this week to Mrs. John A. Hoagland.

Walter N. Lawrence announces that he will produce four plays by American authors this season, each dealing with an American subject. One is "The Other Fellow," a comedy, in which Thomas Jefferson will be the star. After that will come "Bob's Sister," a comedy, and in November "A Modern Episode" will appear. The fourth play will be a drama with a problem called "What Money Will Do."

Fred Terry and Julia Neilson go to New York City next month for a brief American engagement in "The Scarlet Pimpernel" and "Henry of Navarre." They bring their own company with them. Their visit to America will last only ten weeks.

Adeline Genee, who will make her farewell appearance on the stage this season, will open her season in Philadelphia in October in "The Bachelor Belles." In the language of the stage folk, it is a big show, which means that it will be heavily mounted and presented by a large company. Miss Genee has sailed for America. Her dancers arrived in New York last week.

De Wolf Hopper began a week's engagement at the West End theatre in Chicago Thursday night in "A Matinee Idol," in which he was seen in Broadway last season. The musical comedy was well received, and after the second act the audience demanded a speech. Mr. Hopper made one that amused his hearers, but he did not recite "Casey at the Bat."

Lena Ashwell, the English actress who appeared here a few seasons ago under the management of the Messrs. Shubert, is to return for a tour in a new play by C. M. S. McLellan, entitled "Judith Zoraine." Miss Ashwell will come to the United States in November.

COUNTY FAIR AT NEWARK OCT. 4 TO 8

The American county fair is an institution which has passed through varying stages of success and failure. Some have grown to enormous proportions, while others have dwindled to failure and have discontinued. Many factors have been influential in determining the success or failure of these institutions and not the least of these has been the attitude and ideals of the board of directors and the patronizing public.

That many county fairs have been successful and see yet before them new fields of opportunity, forcibly tells that there is a duty and prominent place for the county fair, properly managed and supported. It may be said that the managing board, in most cases, is a long and incestuous family to build up a creditable exhibit of a county's ideals, resources, wealth and prosperity. In fact many cases the support which they receive from citizens of the county is heartily and lacks enthusiasm.

What, then, are the objects of a county fair? What should be its ideals? What should be the attitude of the public toward it? What good can it do the individual? The first object of a county fair is education. It furnishes a place for exploitation of public and individual achievement and public resources. It exists because of a public demand for such an institution. Its ideals should be to set high moral and industrial standards, its attitude toward the public should be to educate, to raise ideals and standards to a higher level; to point out natural wealth; to emphasize opportunities for increased prosperity. It can do the public good just in proportion to the support which it receives from the public. The good which it can do the individual depends largely upon his support. The county fair cannot benefit him as better off without the presence or participation of the individual or set of individuals who have, in their own opinion, nothing to learn and only boresome and ungentlemanly criticism to give. To the individual who attends or exhibits in a public-spirited way, the county fair furnishes an opportunity to study the best results of production and skill and thereby set new standards toward which he may work, gives new ideas for development of his special line of work, points out new fields of opportunity for profits and pleasure; furnishes a means of good healthy and friendly competition. Lastly, it should furnish much enthusiasm to future attainment.

Many have watched the new exhibition take defeat and have seen him come back the next day and win the prizes of competition. This type of man is a living example of the great benefits derived from county fairs.

A state fair is to a state as a county fair is to a county. It is bigger, more inspiring and broader in the scope. With its mammoth crowds, its expensive exhibits and its magnificent live stock "fitted to the minute," it represents the skill and handwork of man. To most of us it furnishes lasting ideals and permanent enthusiasm from year to year.

These public institutions are put before every citizen of the great commonwealth and we are not living up to our opportunities or duties to civilization and to the public, to our families and to ourselves, if we do not avail ourselves of some of these great opportunities.

The Licking County Fair will be held October 4-8.

ANNIVERSARY OF ACCIDENT AT STADDEN'S

Today is the 30th anniversary of the accident at Stadden's crossing, east of the city, in which Mr. and Mrs. Zephaniah Winters met their death when their buggy was struck by a railroad train. The attention of an Advocate reporter was called to this fact this morning by Perry Winters of Cedar street.

Mr. Winters told the reporter that he had an Advocate containing an account of the accident which had never been removed from its wrapper after being mailed. With this statement he produced the paper and was surprised and disappointed to learn that it was an issue of the Advocate a month later. He had preserved the paper in its original mailing wrapper for 30 years, thinking it had contained an account of his father's death.

The paper was an interesting historical sheet, regardless of Mr. Winters' disappointment. It was published at a time when the city, state and country were in the throes of great political agitation, it being the year of a presidential election. General Hancock was the Democratic candidate and James A. Garfield was the Republican candidate.

The paper in Mr. Winters' possession was the last before the election and was filled with editorial comment and news of the campaign.

POLICE CHIEF RESIGNS.

San Francisco, Sept. 17.—Recent charges of grafting made by Mayor McArthur, resulted today in the resignation of Police Chief Martin. It is not known whether he was asked to resign or did so voluntarily.

The development in railroad signaling in the last few years has been tremendous, chiefly along electrical lines, and the plant installed for the use of the Pennsylvania tunnel and terminal is the largest single installation of its kind ever made in this country.

"NO FRILLS."

Just Sensible Food Cured Him.
Sometimes a good, healthy commercial traveler suffers from poorly selected food and is lucky if he learns that Grape-Nuts food will put him right.

A Cincinnati traveler says: "About a year ago my stomach got in a bad way. I had a headache most of the time and suffered miserably. For several months I ran down until I lost about 70 pounds in weight and finally had to give up a good position and go home. Any food that I might use seemed to nauseate me.

"My wife, hardly knowing what to do, one day brought home a package of Grape-Nuts food and coaxed me to try it. I told her it was no use, but finally to humor her I tried a little and they just struck my taste. It was the first food that I had eaten in nearly a year that did not cause any suffering.

"Well, to make a long story short, I began to improve and stuck to Grape-Nuts. I went up from 132 pounds in December to 194 pounds the following October.

"My brain is clear, blood all right and appetite too much for any man's pocketbook. In fact, I am thoroughly made over and owe it all to Grape-Nuts. I talk so much about what Grape-Nuts will do that some of the men on the road have nicknamed me 'Grape-Nuts,' but I stand today a healthy, rosy-cheeked man—a pretty good example of what the right kind of food will do.

"You can publish this if you want to. It is a true statement without any frills."

Read the little book, "The Road to Wellville," in packages. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.
